

STUDENT PROFILE SURVEY

In an effort to get to know my students and be able to help you in any way I can, even outside of the class focus, I have created this survey. Please feel free to write as much as you wish, I will read it. Also, if you feel you don't want to share the answer to any of the questions below, please just state it. None of the questions are mandatory. This is simply to get to know you better and put my emphasis in helping you succeed in class and at the university level.

1. What is your name or nickname you would like to go by?

2. Why are you taking this course and why did you choose me as your instructor?

3. Why did you choose to study business?

4. What are some of the things that you feel you might struggle with this semester and may possibly need understanding or help with (even if it's not school-related)?

5. How many other people in your family have graduated from a university and what made you go to college?

6. What do you expect from me as your instructor to serve you better?

I created this student profile on Canvas, but put the question in this document for the purpose of showing the questions. Below is a picture of what it looks like in Canvas.
